ENRICHMENT PROGRAM

The criteria for enrollment in the Enrichment Program in Delanco Township Schools shall be established as follows:

1. A total I.Q. score of at least 120 achieved on the standardized test in use in the district.
2. Academic achievement test results in reading, mathematical and a composite score from the standardized test in use in the district. One of the three test results must be at least 95thile. The two other areas shall not have a score of less than 90thile.
3. Report card grades for the year in all academic subjects shall be at least in the passing range. No student with a failing grade in any academic subject shall be considered for the program.
4. Teacher recommendation shall be required for enrollment in the program. A standard teacher recommendation form shall be developed for this program and shall be the acceptable format for this criteria.

The procedure for identification of students for enrollment in the Enrichment Program of Delanco Township Schools shall be as follows:

1. An identification matrix has been devised which incorporates the criteria for enrollment in the program. Each index of the criteria has been spread across a six point scale. Six has been established as the highest point on the scale for any individual indices. Thirty-six would be the highest score obtainable on the matrix.
2. Standardized test results of the district shall be reviewed as soon as possible after Spring testing and an identification matrix form prepared for students meeting the established criteria for I.Q. and achievement test scores.
3. The classroom teacher shall complete the teacher recommendation form for those students meeting the standardized test requirements.
 - a. Six indices are listed on the teacher recommendation form. Students shall receive one point for each characteristic displayed as observed by the classroom teacher.
4. The Enrichment Program teacher shall be responsible for completing the report card grade information. Report card grades shall be scaled as follows:

All academic grades
93 and above 6 Excell
85 -100 > IVG
85 - 92 4 a
77 - 92 3 4/A
77 - 84 2 A
70 and above 1 P

5. When the identification matrix is completed, a total score for each student shall be obtained. Students shall be ranked by total matrix score.

6. Students shall be enrolled in the Enrichment Program based on their total matrix score. Those with the highest total matrix score will be eligible to join the program prior to students with a lower total matrix score.

7. A student must requalify for the Enrichment Program each year.
