Scholarship
Award Program**

SCHOLARSHIP AWARD PROGRAM

Geraldine Diehl Wilson, life-long resident of Delanco, has arranged with The Trustees of the University of Pennsylvania to award four-year scholarships to Delanco residents who qualify for admission to that institution. The responsibility of determining individual students' qualifications for admission to the University has always been and will continue to be that of The Trustees of the University of Pennsylvania.

Whereas, until this time Mrs. Wilson herself has undertaken to coordinate this program among students, high schools and the University, this role will thereafter, at the request of Mrs. Wilson, be undertaken jointly by herself and the Delanco Board of Education. The Board authorizes the Superintendent to undertake the duties of this role on behalf of the Delanco Board of Education, and to consult with and advise Mrs. Wilson of developments in coordinating the scholarship program, as appropriate. The Superintendent will, under the direction of the Board, adhere to the administrative guidelines which follow.

The Delanco Board of Education, a body devoted to the education of our youth, has gladly accepted this role and committed itself to the eternal preservation of the scholarship's noble purpose.
