## **SCHOOL ORGANIZATION**

The Board of Education directs the organization of the instructional program of this district to be in a configuration which best serves the school and community. For purposes of determining staff seniority, grades 7 and 8 are organized as elementary grades for the provision of instruction.

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of pupils, make most effective use of district resources, and serve the educational goals of the Board.
